Cargo Collection

From the compact and lightweight C1, through the colorful and functional C2 with dual cargo carriers, to the C3 the "flagship" of the Cargo. range, conceived and designed also to carry the family.

NILOX E-BIKE

Gamma 2025 - Cargo

		
C1 E-bike with components suitable for the light cargo world, thanks to the two racks equipped with elastic straps and the torque sensor. It is equipped with a BAFANG rear motor and operates through the torque sensor. SRP: 1.699,95 €	C2 An e-bike clearly more suited to the cargo world, ideal for transporting loads in complete safety. The extended frame and low center of gravity ensure a stable riding experience, even when fully loaded. SRP: 2.699,95 €	C3 E-bike ideal for family use (up to two children, groceries, etc.). BAFANG LCD display with Bluetooth function, integrated into the aluminum frame. SRP: 2.799,95 €
